According to the Individuals with Disabilities Education Act (IDEA), 34CFR300.573, school districts must notify parents when the information contained in their child's special education records is no longer needed to provide public educational services to the child. This is public notification to parents or eligible students (students who are of legal age except when guardianship or conservatorship has been established) of the Districts' intent to destroy all special education records, except archival information such as name, grades, attendance records, classes attended, grades completed and number of years completed for its own records based upon federal law, for those students ages 27 and older.

Parents or eligible students have the right to request a copy of these records at a reasonable copying fee. Please contact the school before the age of 27 if you want copies of these records.
